DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 3. MARYVILLE, MISSOURI, WEDNESDAY, JULY 3, 1912 NO. 26.

THE TICKET MADE

GOV. MARSHALL OF INDIANA GETS SECOND PLACE.

CLARK DECLINED PLACE

Dockery, in Refusing Place, Pledged Support of Missouri to Ticket, "First, Last and All the Time."

Baltimore, July 3—Despite the fact that the main business of the convention—the nomination of a presidential candidate—had been disposed of, floor and galleries were filled for the final session of the Democratic national convention.

The delegates, tired of the dull routine of four days of balloting for a presidential candidate, were on hand early, anxious to dispose of the work that was still to be done. The choice of a vice-presidential candidate was the first problem confronting the convention.

"Houn' Dawg is for Wilson."

The New Jersey delegates, enthusiastic over their afternoon's victory, cheered Wilson and Bryan impartially after they took their seats. They also sang parodies on various popular songs for both Wilson and Clark. In return, a Missouri delegate from across the aisle yelled:

"The houn' dawg is for Wilson now."

Thereupon New Jersey cheered. Wilson buttons were pinned on the lapels of the Missouri delegation and there was a general love feast between New Jersey and Missouri.

Clark Placed in Nomination.

Champ Clark was placed in nomination by Delegate Dean of Georgia. Dean spoke in his capacity as an individual delegate.

Dockery of Missouri took the platform to decline the nomination for Clark.

Clark was not influenced by pique, Dockery said, but preferred to remain in his present responsible position as speaker of the house of representatives.

Amid a great outburst of applause Dockery pledged the support of "Old Missouri" to Wilson, "first, last and all the time."

Idaho yielded to North Dakota and ex-Senator Purcell placed Gov. Burke of North Dakota in nomination.

Samuel Alschuler of Illinois nominated Elmore W. Hurst of Rock Island, Ill.

G. F. Menzies of Indiana nominated Gov. Thomas R. Marshall.

Henry Volmer of Iowa nominated Martin J. Wade.

Alonzo T. Miles of Maryland placed Mayor James Preston of Baltimore in nomination.

Took Up the Platform First.

After Miles had concluded, A. Mitchell Palmer, Wilson manager, asked unanimous consent that the consideration of the vice-presidential nomination be suspended and the report of the committee on resolutions received and acted upon. Unanimous consent was obtained and Senator Kern, chairman of the resolutions committee, read the platform.

When the reading concluded Senator Kern moved the adoption of the report, which was done by a viva voce vote.

Praise for Everbody.

A series of resolutions praising Baltimore, Mayor Preston, the police and fire departments, the hotels and practically everything else in Baltimore were put through.

When the vice-presidential nominations were again taken up it was after 10 o'clock.

Judge Will R. King of Oregon offered in nomination Senator George E. Chamberlain of that state.

An effort was made to prevail upon Speaker Clark to accept the nomination for the vice-presidency. This effort occupied the time of many of the Democratic leaders from the time of the adjournment of the convention until late in the night. Mr. Clark refused over and again and every time importunities more pressing than before, were addressed to him.

Bryan Offered to Name Him.

The delegates refused to take "no" for an answer. Mr. Bryan said that if Mr. Clark would accept he would present his name to the convention. He was told he could have the nomination by acclamation. Representative Palmer, the Wilson floor leader of the convention, added his plea, and the general understanding was that in this, as in other matters, he represented the newly chosen presidential candidate.

In the face of all these entreaties ex-Gov. Dockery, one of the big four of the Missouri delegation, told the convention that Mr. Clark was firm in his determination not to take second place under any circumstances.

Even after this positive declination the delegates and Mr. Palmer argued the case for half an hour, the latter still insisting, and many of the members of the delegation agreeing with

WELL PROSPECTS GOOD.

Conditions Favorable to a Great Quantity of Well Water on Craig Place.

The tests being made to see if a sufficient quantity of well water could be had to furnish the city have all been favorable, but the best one struck so far was the one yesterday. A small augur was used, and after being down eight feet from the ground, sand and gravel was struck at once, and they were still in it at a depth of twenty-five feet, when they stopped work Tuesday evening. Water was coming out as soon as the hole was bored.

DENVER PARTY HERE JULY 8.

Committee From Commercial Club Appointed to Meet Them—Will Probably Be Here Several Minutes.

At the board of directors' meeting last night a committee composed of John I. Hoffman, the new secretary, and G. B. Roseberry and F. G. Shoemaker were selected as the reception committee to entertain the Denver autoists who will be in the city on the afternoon of July 8 for a few minutes.

HAS SOME GOOD CORN.

G. T. Carter of Near Skidmore Has Corn That Averages 5 Feet High.

C. T. Carter, who lives east of Skidmore, thinks he has the best grown corn in the county. His corn averages 5 feet all over the field. There are several stalks in the field that are 5 feet 4 inches. The corn is beginning to tassel.

BETTER FARMING PLAN

Is the Aim of the Normal School—To Issue a Circular on Rural Community Life.

The following is from the St. Joseph Gazette:

Dr. H. K. Taylor, president of the Northwest State Normal, was in St. Joseph yesterday conferring with President R. T. Forbes of the Commerce club on the proposed farm expert plan and extension of community life plan that the Commerce club has under consideration.

President Taylor assured President Forbes that the Normal will aid the Commerce club in every way, even to supplying speakers to aid in the good roads campaign, President Taylor considering this the first step in the accomplishment of something for community life in the rural communities.

The Normal is preparing to circulate through the banks and bankers of the nineteen Northwest Missouri counties, comprising the Fifth normal district, a circular on rural community life. This treatise will cover the features of better roads, township schools, intensive farming and other important phases of rural community life.

Already experiments have been made in the campus at Maryville with road oiling, and a quarter of a mile of plain earth road, well graded and treated with asphalt oil, has been found to give excellent results. President Taylor is also conducting at Maryville what is called the vesper hour, a gathering of the summer school students of the Normal from 7:15 to 8:15 o'clock every evening at the president's residence. The first half hour is given over to sports, and the last to discussions of matters pertaining to rural life in its different phases, with a view to fitting these teachers for rural life leaders, giving them a broader mental scope of present day conditions that confront the farmer and his family.

Is Beautiful Fruit.

Mr. Noah Sipes, 1207 East Fourth street, brought to The Democrat-Forum office Tuesday evening a few branches from the currant and gooseberry bushes on his place, with the fruit on them, that is as large and beautiful fruit of the kind as can be produced here, we believe. Mr. Sipes has splendid success with his garden and fruits.

Heard Son Speak.

Mrs. Madaline Caffrey of Leon, Ia., arrived in the city Tuesday evening to meet her son, Mr. Frank Caffrey, and hear him in his entertainment at the First Presbyterian church Tuesday evening. They are guests of Mrs. Caffrey's cousin, Mrs. J. H. Aley, and family.

WHY CROWNED AND OILED ROAD IS A SUCCESS.

NATURE SHOWS THE WAY

Letter From R. T. Forbes Tells of Observation of Effects of Oil as Compared With Natural State.

President H. K. Taylor of the Normal received Wednesday morning a letter from R. T. Forbes, who is president of the Commerce club at St. Joseph, in regard to good roads. Mr. Taylor and Mr. Forbes are trying to awaken a sentiment in Northwest Missouri for good roads, and Mr. Taylor has been making a demonstration with oil on the Normal road, which has been a success.

The letter of Mr. Forbes is as follows:

"Dear Mr. Taylor: Knowing that you are thoroughly interested in the good roads movement, I wish to convey to you my recent observation of an oil dirt road; a road that you are so much interested in.

"On my recent visit to Falls City, Neb., I arrived in a hard rain. The ground was thoroughly soaked, and on one of their main thoroughfares from the depot to the city, they had an ordinary dirt road well crowned. Half of the road from its center to the curb line for a short distance was oiled and the other half not. On the oiled side the road was absolutely dry, all the water standing in the gully at the side, the other half was at least a foot deep and soft mud. This is an absolute demonstration of the desirability of oil and dirt road, the object being to shed the water.

"In building good roads we only have to resort to one of nature's own demonstrations, which is provided in the duck, who keeps its feathers oiled, thereby keeping dry."

A FINE ENTERTAINMENT.

Frank Caffrey's Readings Last Night Equalled Any That Has Been Given Here.

"That little Caffrey boy," as he used to be known in Maryville a few years back, made good at the First Presbyterian church last night, in a program that equalled anything of the kind that has ever been heard in Maryville, and many of his auditors believe he far excels any reader, impersonator and entertainer that Maryville has had the pleasure of hearing.

His voice, gestures, appearance, are more than pleasing, while his delineations of character are absolutely correct. His rendition of "King Robert of Sicily," by Longfellow, was the masterpiece of the evening, which was the only heavy piece on the program, owing to the extreme heat of the night. The program changed from grave to gay, from jest to earnest, with the greatest ease, and "that little Caffrey boy" may rest assured that he gave the best entertainment his hearers have heard.

Mr. Caffrey is a graduate of the School of Oratory of Northwestern University. He is recognized, although a young man, among the greatest platform entertainers in the country.

Recovering From Operation.

Miss Anna Engelmann, who underwent a serious surgical operation several weeks ago at St. Francis hospital, has been taken to her home and is recovering nicely.

A LICENSE GRANTED

HELLER GETS RIGHT TO RUN A SALOON IN MARYVILLE.

TWO SALOONS IN A BLOCK

County Court Holds It Has a Right to Hear Petition at Any Regular Monthly Meeting.

Maryville now has two saloons, the county court granting William A. Heller a dramshop license Wednesday morning for the Nusbaum and Signs building on North Market street, or in the building now occupied by the Bright livery barn.

The court granted the license because the application of Heller had the necessary two-thirds of the qualified signers of the block. The contention of the "drys" as to a petition having to be filed ten days before the regular term of the court was not sustained, as the court says a petition can be filed before any of their regular monthly sessions. This was the only grounds that the "drys" were fighting Heller, as they saw he had enough singers.

Mr. Heller will have the building remodeled, and it will probably take several weeks before the saloon will open. The building is 31x74 feet.

The Oak fixtures will probably be used by Mr. Heller.

Now Maryville will have two saloons in one block.

WILL SUPPORT TICKET.

Defeat Due to Bryan Slanders, Says Clark.

Washington, July 2.—Returning from Baltimore tonight, Speaker Clark issued the following statement:

"No set of men ever made a better or braver fight for any man in this world than my friends all over the country made for me. They have my heartfelt thanks. We never had money enough even to pay for an adequate supply of postage stamps and literature. I was tied down here by my duties of the speakership. I could, therefore, aid my friends very little. They made the fight, gave me 200,000 majority in the states where Governor Wilson and I competed in the primaries, and caused me to lead on thirty ballots in the convention, in nine of which I had a clear majority. Nevertheless, the nomination was bestowed upon Governor Wilson.

"I never scratched a Democratic ticket or bolted a Democratic nominee in my life. I shall not change the Democratic habit now. I am too seasoned a soldier not to accept cheerfully the fortunes of war.

"I will support Governor Wilson with whatever power I possess, and hope he will be elected.

"I lost the nomination solely through the vile and malicious slanders of Colonel William Jennings Bryan of Nebraska. True, these slanders were by inuendo and insinuation, but they were no less deadly for that reason.

"(Signed) CHAMP CLARK."

NO REPETITION OF 1911.

Year Ago We Had Some Hot Weather, Being Just 107—Was Only 90 Today.

That the early July heat wave of 1911 will not be repeated this year seems apparent from the record of yesterday, when the highest temperature was 89 degrees, and that of the day before 87 degrees, while a year before on July 1, 2 and 3 it was above the 100 mark.

The low temperature of yesterday indicates that the first week of July this year may not even experience 100 or above.

The record a year ago was: July 1, 102; July 2, 103; July 3, 107; July 4, 107; July 5 108. This was the highest during that summer. On July 6, the mercury went to 92.

ROBBERY AT GUILFORD.

The Store of O. P. Pettigrew at That Town Was Entered Some Time Tuesday Night and $6 Taken.

The general mercantile store of O. P. Pettigrew at Guilford was entered some time Tuesday night and about $6 taken from the cash register. The party or parties probably had a key to the front door, as the door was locked this morning and there were no other entrances. No goods were taken.

Fine and Costs Amounted to $22.

Bert Doran was arrested Tuesday by Marshal Moberly for being drunk and disturbing the peace. He was fined $7.50 on each charge, the fines and costs amounting to $22.20.

About 1,700 pounds of beef is already cooked for the occasion, being put in two furnaces built on the lot west of Robey's garage. him, that Mr. Clark should be given an opportunity to exercise cooler judgment than he could be expected to possess the night after his defeat for the first place. He declared that nothing could go so far as Mr. Clark's nomination for second place to convince the country of the absolute unity existing in the Democratic party.

Bryan Declines.

Baltimore, July 3.—at 1 o'clock a. m., when the roll call for nominations for vice-president was resumed, it appeared that the place might go to Gov. Burke of North Dakota. Apparently the effort to persuade Clark to accept had failed.

The District of Columbia placed William Jennings Bryan's name in nomination amid laughter and cheers. Mr. Bryan took the platform and was given a great cheer.

Mr. Bryan said for 16 years he had been a "fighting man" and now desired to say a word in the nature of a valedictory.

In declining to allow his name to be considered, Mr. Bryan said it was not with any desire of disparaging the office. There was no office so low, he said, that he would not fill it if he felt his country needed him.

Marshall Nominated.

Baltimore, July 3.—For president, Gov. Woodrow Wilson of New Jersey. For vice-president, Gov. Thomas R. Marshall of Indiana.

This was the ticket completed by the Democratic national convention at 1:56 o'clock in the morning.

The nomination of Gov. Marshall for vice president came as a surprise, for when the night of balloting for vice-president began, it seemed that the Bryan-Wilson contingent in the convention had definitely settled upon Gov. John E. Burke of North Dakota.

A minute later the convention had adjourned sine die. The delegates worn and weary, made their way out of the big convention hall singing and happy to be started for home.

STORM CAUSED LITTLE DAMAGE

Wind, Rain and Hail Were Too Late to Do Serious Injury to Crop.

Pratt, Kan., July 3.—A heavy hail, wind and rainstorm struck here doing much damage. Five miles south of Pratt a heavy hailstorm, accompanied by a high wind, beat down thousands of acres of wheat. Several large barns and buildings were blown away. Some wheat was destroyed by lightning. Three inches of rain fell in 30 minutes.

Independence, Kan., July 3.—Two and four-fifths inches of rain fell here. The downpour amounted almost to a cloudburst for a time. Wheat harvest was almost finished and it will do little damage to wheat growers.

HUNNEWELL COUNCIL MET AGAIN

Woman Mayor Presided, But Her Appointments Were Turned Down —Passed Tax Levy.

Hunnewell, Kan., July 3.—The city council here met in regular session for the first time since the state supreme court rendered its decision in the famous ouster suit and issued instructions to the woman mayor and three remaining councilmen to get busy.

At the meeting there was not much doing except that the councilmen once more refused to confirm the appointments of Mrs. Wilson, but they did pass an ordinance levying a tax of one mill for general purposes and one mill for street work.

Mrs. Wilson says that the councilmen did not act rudely but that they showed they did not care to transact any business.

Penalty Was Severe.

Pittsburg, July 3.—Convicted of having performed a fatal operation on his former secretary, Elsie Coe, the Rev. W. D. McFarland, United Presbyterian minister was sentenced by Judge Haymaker to pay a six and one-fourth cents fine and costs of the prosecution, and serve one year in the county jail.

Baptist Educator Found Dead.

Philadelphia, July 3—The Rev. Rees Wilmer Perkins, president of Leland university, New Orleans, and a widely known Baptist preacher, writer and educator, was found dead here. Death was due to heart disease.

Train Into a Motor Party.

Aurora, Ill., July 3.—The Los Angeles Limited eastbound on the Northwestern railroad, ran down a motor car three miles east of Geneva, Ill., killing two men and a woman and fatally injuring a third man.

An Old-Fashioned FOURTH

In days gone by, meant burnt fingers, injuries and regrets. Today a more sensible idea prevails.

If you put your "powder money" into the first cash installment on a Piano, Player-Piano or Victrola, you will make it endure—your home will be enriched by it, your family edified and your friends entertained.

We believe in jollification and celebration on the Fourth—and at other appropriate times—but we believe also in the conservation of energy, and elimination of useless waste. How better can you conserve your resources than to *invest* money in enduring pleasure. Music is refining—helpful—educational.

Place one of our Players, Pianos or Victrolas in your home on *approval*—no payment in advance is asked of you—no obligation to purchase—the goods either sell themselves or we take them back.

Isn't Your Vacation Just About Due?

I don't think there ever was a time when so many people were thinking about and planning vacations as right now. There seems to be something in the air which makes everybody long to pack up and go away awhile.

The tourist fares are very attractive this summer, too. There are rates to the West, rates to the North and rates to the East. Liberal stopover privileges and long limits.

I wish you would come in and see me when you are planning your trip; tell me where and about when you want to go and I'll give you a good deal of help. It's my job with the Burlington Route to see that all travelers are well taken care of. I'll gladly answer your questions, tell you when reduced rates start and take most of the detail off your mind.

The Proof That Maryville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Miss Harriett McClurg, 405 East Thompson street, Maryville, Mo., says: "I gave a public statement in favor of Doan's Kidney Pills in September, 1908. Since then I have had occasional attacks of kidney complaint and I have always used Doan's Kidney Pills successfully at such times. I recommend them whenever an opportunity is given me. I was troubled with pain and weakness in my back and hips and could hardly get about. Doan's Kidney Pills corrected these troubles immediately, and after using them I felt better in every way."

WILSON GOT NEWS OVER TELEPHONE

Bunch of Newspaper Men Surprised at Home of Governor.

FEELS GREAT RESPONSIBILITY

Democratic Nominee Says Honor is as Great as Can Come to Any Man—Visitors Swarm In With Congratulations.

Seagirt, N. J., July 3.—Twenty newspaper reporters sitting coatless and hatless on the lawn of New Jersey's "little white house" all afternoon saw an operator came out of the telegraph tent with a yellow blank in his hand and read: "Wilson is nominated."

When he looked up 20 chairs were rocking vacantly in the breeze and the 20 men who had faced him a moment before were half a hundred feet away, scampering in a straggling line for a spot on the governor's porch where a short time before a tall, thin man in a gray suit had been sitting.

Burst Into Parlor.

The chair where he had sat was empty and they burst into the parlor door.

"Mr. President," they shouted with one voice, "we congratulate you."

He was laughing and chatting with his wife and daughters. The news, he said, had come a moment before over the long distance telephone after days of anxious waiting, and the few seconds he had spent with his family were his first of real relaxation during the week.

"The honor is as great as can come to any man by the nomination of a party," the nominee said, as the group stood attentively by, "especially in the circumstances, and I hope I appreciate it at its true value; but just at this moment I feel the tremendous responsibility it involves even more than I feel the honor. I hope with all my heart the party will never have reason to regret it."

Deluge of Callers.

The governor was allowed only a brief respite before there poured in the deluge of callers who had hung about the tickers and bulletin boards for seven days.

From Long Branch to Point Pleasant through a score of towns and cities by the sea, all roads led to the governor's home. Cabmen from nearby towns reaped a harvest. All the northern Jersey coast seemed to be trying to crowd into Seagirt. Hundreds of automobiles made it their Mecca.

Gov. Wilson has not decided whether he will resign as New Jersey's governor to make his presidential campaign. His close friends say he won't—at least not for a while and probably not unless elected.

FREE PEACHES FOR EVERYBODY

Guthrie, Oklahoma, is Planning Great Fruit Carnival for Last of July.

Guthrie, Ok., July 3.—While other cities are celebrating with flower carnivals, corn carnivals, melon carnivals, cotton carnivals, and even some of the Northern cities with ice carnivals, Guthrie is now planning a peach carnival, to be held the latter part of July.

The plan was proposed by James J. Houston, farmer and peach grower and former assistant secretary of Oklahoma territory.

"Peaches are the distinctive product of Logan county," said Mr. Houston. "We have the best peaches that grow.

"We intend to place 1,000 bushels of peaches on the street corners in Guthrie, free to all."

Cattle Scourge in England.

London, July 3.—An outbreak of foot and mouth disease has been definitely traced to Ireland and all importations of cattle from that country to Great Britain have now been prohibited. A dozen localities in England are infected. Not in many years have the British Isles suffered from such a widespread visitation of the scourge.

DEMOCRATS NOMINATE WILSON

CHOICE WAS MADE ON FORTY SIXTH BALLOT.

Senator Stone Moved to Make Nomination by Acclamation, Which Was Done.

Baltimore, July 3.—Woodrow Wilson of New Jersey was nominated for the presidency by the Democratic national convention at 3:15 p. m. on the forty-sixth ballot.

The nomination was made after Underwood had been withdrawn, Clark had released his supporters and New York as a climax had moved to suspend the balloting and make the nomination of Wilson by acclamation.

There was objection by Reed of Missouri to this plan. As the final roll call came on state after state fell into line for the New Jersey executive piling up an overwhelming majority.

The result was received with tumultuous demonstrations by delegates and spectators.

FIVE FELL FROM BIG DIRIGIBLE

Vaniman's Great Airship Explodes, Dropping Entire Party Into Ocean.

Atlantic City, N. J., July 3.—In view of three thousand spectators, the big dirigible balloon, Akron, was shattered by the unexplainable explosion of the gas bag in midair, a half mile off shore over the Absecon Inlet.

Melvin Vaniman, who had built the airship, with the idea of flying across the Atlantic Ocean, Calvin Vaniman, his younger brother; Fred Elmer, Walter Guest and George Bourtillion, his crew, fell more than a thousand feet into the bay and were killed.

The dirigible had been in the air since early morning. It was a quarter of a mile south of Brigantine Beach, which is across the inlet from this city. The huge envelope, containing thousands of cubic feet of gas, was sailing majestically.

Then the watching thousands saw a puff of fire and smoke near the middle of the great gas bag.

The flames dissipated and then the ship, outlined against the surface was seen to fall like a plummet.

The new service is designed to provide for all water shipments from the Mississippi valley cities to South America, and the departure of the first vessel was made the occasion for an official demonstration which was attended by many business men from cities of the Middle West.

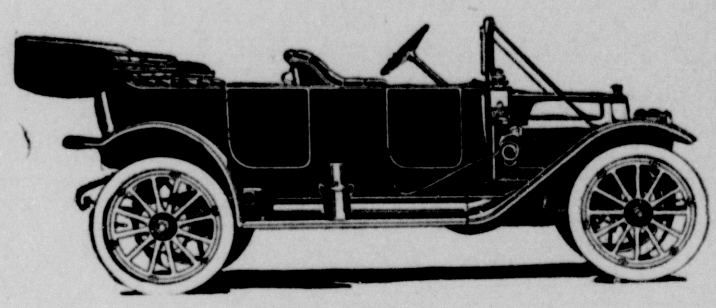
Car Load of

E. M. F. Autos

Arrived Tuesday, June 25th. Be sure and get one.



The Studebaker E. M. F. "30" has a tremendous price advantage.

No other car, offering as much value, approaches its price.

Think for a moment what you get when you buy a Studebaker E. M. F. "30."

It is a real car, modern throughout in design and construction, large enough, and so powerful that you will never find road conditions in which your Studebaker E. M. F. "30" ann ot spin its wheels.

The motor is a marvel, very speedy, quick to pick up, flexible, the kind of a motor a driver grows to like and have full confidence in.

The Studebaker E. M. F. "30" transmission system is of the standard three speed type, any car speed you wish up to 55 miles an hour. The rear axle is remarkably well designed and built, giving the best of service.

Every Studebaker E. M. F. "30" body gets 17 coats of paint and varnish, which are properly rubbed and aged. If you take care of your car, your Studebaker body will equal any automobile body on the market.

These are some obvious points which show the car's value.

But the deeper you go into the design and manufacture of the Studebaker E. M. F. "30" the better you will like it. We watch every detail.

Every Studebaker E. M. F. "30" is built not only for the first mile but for the 100,000th mile. In those qualities which make for endurance and lasting satisfaction, the Studebaker E. M. F. "30" is incomparably first. Why? Because it is Studebaker-built, and Studebaker always builds that way.

Stole a March.

The following is from this week's Hopkins Journal:

Mrs. Daisy Young and Mr. E. E. Corken went to Creston, Ia. some three weeks ago, where they were quietly married, and from there went to various points in the west on a short wedding trip, returning to Hopkins some two weeks ago, and the fact that they are married did not become generally known until this week.

The bride is the youngest daughter of Captain and Mrs. James Ewing and is well and favorably known by everybody here, where she has resided since she was a little girl, while the groom is a well known traveling salesman, popular with all with whom he comes in contact. We understand they will make Hopkins their home for the present at least.

VOLUME 3. MARYVILLE, MISSOURI, WEDNESDAY, JULY 3, 1912 NO. 26..

THE TICKET MADE

GOV. MARSHALL OF INDIANA GETS SECOND PLACE.

CLARK DECLINED PLACE

Dockery, in Refusing Place, Pledged Support of Missouri to Ticket, "First, Last and All the Time."

Baltimore, July 3—Despite the fact that the main business of the convention—the nomination of a presidential candidate—had been disposed of, floor and galleries were filled for the final session of the Democratic national convention.

The delegates, tired of the dull routine of four days of balloting for a presidential candidate, were on hand early, anxious to dispose of the work that was still to be done. The choice of a vice-presidential candidate was the first problem confronting the convention.

"Houn' Dawg is for Wilson."

The New Jersey delegates, enthusiastic over their afternoon's victory, cheered Wilson and Bryan impartially after they took their seats. They also sang parodies on various popular songs for both Wilson and Clark. In return, a Missouri delegate from across the aisle yelled:

"The houn' dawg is for Wilson now."

Thereupon New Jersey cheered. Wilson buttons were pinned on the lapels of the Missouri delegation and there was a general love feast between New Jersey and Missouri.

Clark Placed in Nomination.

Champ Clark was placed in nomination by Delegate Dean of Georgia. Dean spoke in his capacity as an individual delegate.

Dockery of Missouri took the platform to decline the nomination for Clark.

Clark was not influenced by pique, Dockery said, but preferred to remain in his present responsible position as speaker of the house of representatives.

Amid a great outburst of applause Dockery pledged the support of "Old Missouri" to Wilson, "first, last and all the time."

Idaho yielded to North Dakota and ex-Senator Purcell placed Gov. Burke of North Dakota in nomination.

Samuel Alschuler of Illinois nominated Elmore W. Hurst of Rock Island, Ill.

G. F. Menzies of Indiana nominated Gov. Thomas R. Marshall.

Henry Volmer of Iowa nominated Martin J. Wade.

Alonzo T. Miles of Maryland placed Mayor James Preston of Baltimore in nomination.

Took Up the Platform First.

After Miles had concluded, A. Mitchell Palmer, Wilson manager, asked unanimous consent that the consideration of the vice-presidential nomination be suspended and the report of the committee on resolutions received and acted upon. Unanimous consent was obtained and Senator Kern, chairman of the resolutions committee, read the platform.

When the reading concluded Senator Kern moved the adoption of the report, which was done by a viva voce vote.

Praise for Everbody.

A series of resolutions praising Baltimore, Mayor Preston, the police and fire departments, the hotels and practically everything else in Baltimore were put through.

When the vice-presidential nominations were again taken up it was after 10 o'clock.

Judge Will R. King of Oregon offered in nomination Senator George E. Chamberlain of that state.

An effort was made to prevail upon Speaker Clark to accept the nomination for the vice-presidency. This effort occupied the time of many of the Democratic leaders from the time of the adjournment of the convention until late in the night. Mr. Clark refused over and again and every time importunities more pressing than before, were addressed to him.

Bryan Offered to Name Him.

The delegates refused to take "no" for an answer. Mr. Bryan said that if Mr. Clark would accept he would present his name to the convention. He was told he could have the nomination by acclamation. Representative Palmer, the Wilson floor leader of the convention, added his plea, and the general understanding was that in this, as in other matters, he represented the newly chosen presidential candidate.

In the face of all these entreaties ex-Gov. Dockery, one of the big four of the Missouri delegation, told the convention that Mr. Clark was firm in his determination not to take second place under any circumstances.

Even after this positive declination the delegates and Mr. Palmer argued the case for half an hour, the latter still insisting, and many of the members of the delegation agreeing with

WELL PROSPECTS GOOD.

Conditions Favorable to a Great Quantity of Well Water on Craig Place.

The tests being made to see if a sufficient quantity of well water could be had to furnish the city have all been favorable, but the best one struck so far was the one yesterday. A small augur was used, and after being down eight feet from the ground, sand and gravel was struck at once, and they were still in it at a depth of twenty-five feet, when they stopped work Tuesday evening. Water was coming out as soon as the hole was bored.

DENVER PARTY HERE JULY 8.

Committee From Commercial Club Appointed to Meet Them—Will Probably Be Here Several Minutes.

At the board of directors' meeting last night a committee composed of John I. Hoffman, the new secretary, and G. B. Roseberry and F. G. Shoemaker were selected as the reception committee to entertain the Denver autoists who will be in the city on the afternoon of July 8 for a few minutes.

HAS SOME GOOD CORN.

G. T. Carter of Near Skidmore Has Corn That Averages 5 Feet High.

C. T. Carter, who lives east of Skidmore, thinks he has the best grown corn in the county. His corn averages 5 feet all over the field. There are several stalks in the field that are 5 feet 4 inches. The corn is beginning to tassel.

BETTER FARMING PLAN

Is the Aim of the Normal School—To Issue a Circular on Rural Community Life.

The following is from the St. Joseph Gazette:

Dr. H. K. Taylor, president of the Northwest State Normal, was in St. Joseph yesterday conferring with President R. T. Forbes of the Commerce club on the proposed farm expert plan and extension of community life plan that the Commerce club has under consideration.

President Taylor assured President Forbes that the Normal will aid the Commerce club in every way, even to supplying speakers to aid in the good roads campaign, President Taylor considering this the first step in the accomplishment of something for community life in the rural communities.

The Normal is preparing to circulate through the banks and bankers of the nineteen Northwest Missouri counties, comprising the Fifth normal district, a circular on rural community life. This treatise will cover the features of better roads, township schools, intensive farming and other important phases of rural community life.

Already experiments have been made in the campus at Maryville with road oiling, and a quarter of a mile of plain earth road, well graded and treated with asphalt oil, has been found to give excellent results. President Taylor is also conducting at Maryville what is called the vesper hour, a gathering of the summer school students of the Normal from 7:15 to 8:15 o'clock every evening at the president's residence. The first half hour is given over to sports, and the last to discussions of matters pertaining to rural life in its different phases, with a view to fitting these teachers for rural life leaders, giving them a broader mental scope of present day conditions that confront the farmer and his family.

Is Beautiful Fruit.

Mr. Noah Sipes, 1297 East Fourth street, brought to The Democrat-Forum office Tuesday evening a few branches from the currant and gooseberry bushes on his place, with the fruit on them, that is as large and beautiful fruit of the kind as can be produced here, we believe. Mr. Sipes has splendid success with his garden and fruits.

Heard Son Speak.

Mrs. Madaline Caffrey of Leon, Ia., arrived in the city Tuesday evening to meet her son, Mr. Frank Caffrey, and hear him in his entertainment at the First Fresbyterian church Tuesday evening. They are guests of Mrs. Caffrey's cousin, Mrs. J. H. Aley, and family.

WHY CROWNED AND OILED ROAD IS A SUCCESS.

NATURE SHOWS THE WAY

Letter From R. T. Forbes Tells of Observation of Effects of Oil as Compared With Natural State.

President H. K. Taylor of the Normal received Wednesday morning a letter from R. T. Forbes, who is president of the Commerce club at St. Joseph, in regard to good roads. Mr. Taylor and Mr. Forbes are trying to awaken a sentiment in Northwest Missouri for good roads, and Mr. Taylor has been making a demonstration with oil on the Normal road, which has been a success.

The letter of Mr. Forbes is as follows:

"Dear Mr. Taylor: Knowing that you are thoroughly interested in the good roads movement, I wish to convey to you my recent observation of an oil dirt road; a road that you are so much interested in.

"On my recent visit to Falls City, Neb., I arrived in a hard rain. The ground was thoroughly soaked, and on one of their main thoroughfares from the depot to the city, they had an ordinary dirt road well crowned. Half of the road from its center to the curb line for a short distance was oiled and the other half not. On the oiled side the road was absolutely dry, all the water standing in the gully at the side, the other half was at least a foot deep and soft mud. This is an absolute demonstration of the desirability of oil and dirt road, the object being to shed the water.

"In building good roads we only have to resort to one of nature's own demonstrations, which is provided in the duck, who keeps its feathers oiled, thereby keeping dry."

A FINE ENTERTAINMENT.

Frank Caffrey's Readings Last Night Equalled Any That Has Been Given Here.

"That little Caffrey boy," as he used to be known in Maryville a few years back, made good at the First Presbyterian church last night, in a program that equalled anything of the kind that has ever been heard in Maryville, and many of his auditors believe he far excels any reader, impersonator and entertainer that Maryville has had the pleasure of hearing.

His voice, gestures, appearance, are more than pleasing, while his delineations of character are absolutely correct. His rendition of "King Robert of Sicily," by Longfellow, was the masterpiece of the evening, which was the only heavy piece on the program, owing to the extreme heat of the night. The program changed from grave to gay, from jest to earnest, with the greatest ease, and "that little Caffrey boy" may rest assured that he gave the best entertainment his hearers have heard.

Mr. Caffrey is a graduate of the School of Oratory of Northwestern University. He is recognized, although a young man, among the greatest platform entertainers in the country.

Recovering From Operation.

Miss Anna Engelmann, who underwent a serious surgical operation several weeks ago at St. Francis hospital, has been taken to her home and is recovering nicely.

A LICENSE GRANTED

HELLER GETS RIGHT TO RUN A SALOON IN MARYVILLE.

TWO SALOONS IN A BLOCK

County Court Holds It Has a Right to Hear Petition at Any Regular Monthly Meeting.

Maryville now has two saloons, the county court granting William A. Heller a dramshop license Wednesday morning for the Nusbaum and Signs building on North Market street, or in the building now occupied by the Bright livery barn.

The court granted the license because the application of Heller had the necessary two-thirds of the qualified signers of the block. The contention of the "drys" as to a petition having to be filed ten days before the regular term of the court was not sustained, as the court says a petition can be filed before any of their regular monthly sessions. This was the only grounds that the "drys" were fighting Heller, as they saw he had enough singers.

Mr. Heller will have the building remodeled, and it will probably take several weeks before the saloon will open. The building is 31x74 feet.

The Oak fixtures will probably be used by Mr. Heller.

Now Maryville will have two saloons in one block.

WILL SUPPORT TICKET.

Defeat Due to Bryan Slanders, Says Clark.

Washington, July 2.—Returning from Baltimore tonight, Speaker Clark issued the following statement:

"No set of men ever made a better or braver fight for any man in this world than my friends all over the country made for me. They have my heartfelt thanks. We never had money enough even to pay for an adequate supply of postage stamps and literature. I was tied down here by my duties of the speakership. I could, therefore, aid my friends very little. They made the fight, gave me 200,000 majority in the states where Governor Wilson and I competed in the primaries, and caused me to lead on thirty ballots in the convention, in nine of which I had a clear majority. Nevertheless, the nomination was bestowed upon Governor Wilson.

"I never scratched a Democratic ticket or bolted a Democratic nominee in my life. I shall not change the Democratic habit now. I am too seasoned a soldier not to accept cheerfully the fortunes of war.

"I will support Governor Wilson with whatever power I possess, and hope he will be elected.

"I lost the nomination solely through the vile and malicious slanders of Colonel William Jennings Bryan of Nebraska. True, these slanders were by inuendo and insinuation, but they were no less deadly for that reason.

"(Signed) CHAMP CLARK."

NO REPETITION OF 1911.

Year Ago We Had Some Hot Weather, Being Just 107—Was Only 90 Today.

That the early July heat wave of 1911 will not be repeated this year seems apparent from the record of yesterday, when the highest temperature was 89 degrees, and that of the day before 87 degrees, while a year before, on July 1, 2 and 3 it was above the 100 mark.

The low temperature of yesterday indicates that the first week of July this year may not even experience 100 or above.

The record a year ago was: July 1, 102; July 2, 103; July 3, 107; July 4, 107; July 5, 108. This was the highest during that summer. On July 6, the mercury went to 92.

ROBBERY AT GUILFORD.

The Store of O. P. Pettigrew at That Town Was Entered Some Time Tuesday Night and $6 Taken.

The general mercantile store of O. P. Pettigrew at Guilford was entered some time Tuesday night and about $6 taken from the cash register. The party or parties probably had a key to the front door, as the door was locked this morning and there were no other entrances. No goods were taken.

Fine and Costs Amounted to $22.

Bert Doran was arrested Tuesday by Marshal Moberly for being drunk and disturbing the peace. He was fined $7.50 on each charge, the fines and costs amounting to $22.20.

Ray Freeman returned home Wednesday morning from Hopkins, where he has been spending several weeks with his grandmother, Mrs. Sturgeon.

him, that Mr. Clark should be given an opportunity to exercise cooler judgment than he could be expected to possess the night after his defeat for the first place. He declared that nothing could go so far as Mr. Clark's nomination for second place to convince the country of the absolute unity existing in the Democratic party.

Bryan Declines.

Baltimore, July 3.—at 1 o'clock a. m., when the roll call for nominations for vice-president was resumed, it appeared that the place might go to Gov. Burke of North Dakota. Apparently the effort to persuade Clark to accept had failed.

The District of Columbia placed William Jennings Bryan's name in nomination amid laughter and cheers.

Mr. Bryan took the platform and was given a great cheer.

Mr. Bryan said for 16 years he had been a "fighting man" and now desired to say a word in the nature of a valedictory.

In declining to allow his name to be considered, Mr. Bryan said it was not with any desire of disparaging the office. There was no office so low, he said, that he would not fill it if he felt his country needed him.

Marshall Nominated.

Baltimore, July 3.—For president, Gov. Woodrow Wilson of New Jersey. For vice-president, Gov. Thomas R. Marshall of Indiana.

This was the ticket completed by the Democratic national convention at 1:56 o'clock in the morning.

The nomination of Gov. Marshall for vice president came as a surprise, for when the night of balloting for vice-president began, it seemed that the Bryan-Wilson contingent in the convention had definitely settled upon Gov. John E. Burke of North Dakota.

A minute later the convention had adjourned sine die. The delegates worn and weary, made their way out of the big convention hall singing and happy to be started for home.

STORM CAUSED LITTLE DAMAGE

Wind, Rain and Hail Were Too Late to Do Serious Injury to Crop.

Pratt, Kan., July 3.—A heavy hail, wind and rainstorm struck here doing much damage. Five miles south of Pratt a heavy hailstorm, accompanied by a high wind, beat down thousands of acres of wheat. Several large barns and buildings were blown away. Some wheat was destroyed by lightning. Three inches of rain fell in 30 minutes.

Independence, Kan., July 3.—Two and four-fifths inches of rain fell here. The downpour amounted almost to a cloudburst for a time. Wheat harvest was almost finished and it will do little damage to wheat growers.

HUNNEWELL COUNCIL MET AGAIN

Woman Mayor Presided, But Her Appointments Were Turned Down —Passed Tax Levy.

Hunnewell, Kan., July 3.—The city council here met in regular session for the first time since the state supreme court rendered its decision in the famous ouster suit and issued instructions to the woman mayor and three remaining councilmen to get busy.

At the meeting there was not much doing except that the councilmen once more refused to confirm the appointments of Mrs. Wilson, but they did pass an ordinance levying a tax of one mill for general purposes and one mill for street work.

Mrs. Wilson says that the councilmen did not act rudely but that they showed they did not care to transact any business.

Penalty Was Severe.

Pittsburg, July 3.—Convicted of having performed a fatal operation on his former secretary, Elsie Coe, the Rev. W. D. McFarland, United Presbyterian minister was sentenced by Judge Haymaker to pay a six and one-fourth cents fine and costs of the prosecution, and serve one year in the county jail.

Baptist Educator Found Dead.

Philadelphia, July 3—The Rev. Rees Wilmer Perkins, president of Leland university, New Orleans, and a widely known Baptist preacher, writer and educator, was found dead here. Death was due to heart disease.

Train Into a Motor Party.

Aurora, Ill., July 3.—The Los Angeles Limited eastbound on the Northwestern railroad, ran down a motor car three miles east of Geneva, Ill., killing two men and a woman and fatally injuring a third man.

An Old-Fashioned FOURTH

In days gone by, meant burnt fingers, injuries and regrets. Today a more sensible idea prevails.

If you put your "powder money" into the first cash installment on a Piano, Player-Piano or Victrola, you will make it endure—your home will be enriched by it, your family edified and your friends entertained.

We believe in jollification and celebration on the Fourth—and at other appropriate times—but we believe also in the conservation of energy, and elimination of useless waste. How better can you conserve your resources than to *invest* money in enduring pleasure. Music is refining—helpful—educational.

Place one of our Players, Pianos or Victrolas in your home on *approval*—no payment in advance is asked of you—no obligation to purchase—the goods either sell themselves or we take them back.

This is your greatest opportunity to celebrate in real worthy style

DANDRUFF DISAPPEARS.

Scalp Itch Vanishes and Hair Quickly Stops Falling.

PARISIAN Sage—remember the name when you want a good pure hair tonic free from dangerous lead and other dyes.

PARISIAN Sage is not a dye. Most tonics that dye the hair are full of poison and are dangerous to use.

PARISIAN Sage is a clean, delightful hair dressing that nourishes the hair roots, and besides killing the dandruff germs imparts life and beauty into the hair. Your hair will look nice and brilliant after applying PARISIAN Sage, and you can quickly get rid of dandruff and scalp itch and stop the hair from falling. Avoid imitations—get the genuine. The girl with the Auburn hair is on every bottle and carton. Large bottles 50 cents at the Koch Pharmacy and dealers everywhere.

There is one sure way to banish catarrh and along with it the disgusting symptoms such as hawking, snuffing and spitting.

Breathe HYOMEI, that's all you've got to do. Breathe it a few minutes a few times a day. Breathe it deep into the lungs and see how quickly the sore, germ ridden membrane will clear up and inflammation vanish.

HYOMEI is pure antiseptic air, it does not contain morphine, cocaine or other habit forming drugs. It is made from Australian eucalyptus and other antiseptics, and it is rigidly guaranteed for catarrh, asthma, croup, bronchitis, coughs and colds. Complete outfit (inhaler and bottle) $1.00. Separate bottles, if afterward needed, 50 cents at the Orear-Henry Drug Co.

WILSON GOT NEWS OVER TELEPHONE

Bunch of Newspaper Men Surprised at Home of Governor.

FEELS GREAT RESPONSIBILITY

Democratic Nominee Says Honor is as Great as Can Come to Any Man—Visitors Swarm In With Congratulations.

Seagirt, N. J., July 3.—Twenty newspaper reporters sitting coatless and hatless on the lawn of New Jersey's "little white house" all afternoon saw an operator came out of the telegraph tent with a yellow blank in his hand and read: "Wilson is nominated."

When he looked up 20 chairs were rocking vacantly in the breeze and the 20 men who had faced him a moment before were half a hundred feet away, scampering in a straggling line for a spot on the governor's porch where a short time before a tall, thin man in a gray suit had been sitting.

Burst Into Parlor.

The chair where he had sat was empty and they burst into the parlor door.

"Mr. President," they shouted with one voice, "we congratulate you."

He was laughing and chatting with his wife and daughters. The news, he said, had come a moment before over the long distance telephone after days of anxious waiting, and the few seconds he had spent with his family were his first of real relaxation during the week.

"The honor is as great as can come to any man by the nomination of a party," the nominee said, as the group stood attentively by, "especially in the circumstances, and I hope I appreciate it at its true value; but just at this moment I feel the tremendous responsibility it involves even more than I feel the honor. I hope with all my heart the party will never have reason to regret it."

Deluge of Callers.

The governor was allowed only a brief respite before there poured in the deluge of callers who had hung about the tickers and bulletin boards for seven days.

From Long Branch to Point Pleasant through a score of towns and cities by the sea, all roads led to the governor's home. Cabmen from nearby towns reaped a harvest. All the northern Jersey coast seemed to be trying to crowd into Seagirt. Hundreds of automobiles made it their Mecca.

Gov. Wilson has not decided whether he will resign as New Jersey's governor to make his presidential campaign. His close friends say he won't—at least not for a while and probably not unless elected.

DEMOCRATS NOMINATE WILSON

CHOICE WAS MADE ON FORTY SIXTH BALLOT.

Senator Stone Moved to Make Nomination by Acclamation, Which Was Done.

Baltimore, July 3.—Woodrow Wilson of New Jersey was nominated for the presidency by the Democratic national convention at 3:15 p. m. on the forty-sixth ballot.

The nomination was made after Underwood had been withdrawn, Clark had released his supporters and New York as a climax had moved to suspend the balloting and make the nomination of Wilson by acclamation.

There was objection by Reed of Missouri to this plan. As the final roll call came on state after state fell into line for the New Jersey executive piling up an overwhelming majority.

The result was received with tumultuous demonstrations by delegates and spectators.

Isn't Your Vacation Just About Due?

I don't think there ever was a time when so many people were thinking about and planning vacations as right now. There seems to be something in the air which makes everybody long to pack up and go away awhile.

The tourist fares are very attractive this summer, too. There are rates to the West, rates to the North and rates to the East. Liberal stopover privileges and long limits.

I wish you would come in and see me when you are planning your trip; tell me where and about when you want to go and I'll give you a good deal of help. It's my job with the Burlington Route to see that all travelers are well taken care of. I'll gladly answer your questions, tell you when reduced rates start and take most of the detail off your mind.

The Proof That Maryville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Miss Harriett McClurg, 405 East Thompson street, Maryville, Mo., says: "I gave a public statement in favor of Doan's Kidney Pills in September, 1908. Since then I have had occasional attacks of kidney complaint and I have always used Doan's Kidney Pills successfully at such times. I recommend them whenever an opportunity is given me. I was troubled with pain and weakness in my back and hips and could hardly get about. Doan's Kidney Pills corrected these troubles immediately, and after using them I felt better in every way."

FREE PEACHES FOR EVERYBODY

Guthrie, Oklahoma, is Planning Great Fruit Carnival for Last of July.

Guthrie, Ok., July 3.—While other cities are celebrating with flower carnivals, corn carnivals, melon carnivals, cotton carnivals, and even some of the Northern cities with ice carnivals, Guthrie is now planning a peach carnival, to be held the latter part of July.

The plan was proposed by James J. Houston, farmer and peach grower and former assistant secretary of Oklahoma territory.

"Peaches are the distinctive product of Logan county," said Mr. Houston. "We have the best peaches that grow.

"We intend to place 1,000 bushels of peaches on the street corners in Guthrie, free to all."

Cattle Scourge in England.

London, July 3.—An outbreak of foot and mouth disease has been definitely traced to Ireland and all importations of cattle from that country to Great Britain have now been prohibited. A dozen localities in England are infected. Not in many years have the British Isles suffered from such a widespread visitation of the scourge.

FIVE FELL FROM BIG DIRIGIBLE

Vaniman's Great Airship Explodes, Dropping Entire Party Into Ocean.

Atlantic City, N. J., July 3.—In view of three thousand spectators, the big dirigible balloon, Akron, was shattered by the unexplainable explosion of the gas bag in midair, a half mile off shore over the Absecon Inlet.

Melvin Vaniman, who had built the airship, with the idea of flying across the Atlantic Ocean, Calvin Vaniman, his younger brother; Fred Elmer, Walter Guest and George Bourtillion, his crew, fell more than a thousand feet into the bay and were killed.

The dirigible had been in the air since early morning. It was a quarter of a mile south of Brigantine Beach, which is across the inlet from this city. The huge envelope, containing thousands of cubic feet of gas, was sailing majestically.

Then the watching thousands saw a puff of fire and smoke near the middle of the great gas bag.

The flames dissipated and then the ship, outlined against the surface was seen to fall like a plummet.

The new service is designed to provide for all water shipments from the Mississippi valley cities to South America, and the departure of the first vessel was made the occasion for an official demonstration which was attended by many business men from cities of the Middle West.

Stole a March.

The following is from this week's Hopkins Journal:

Mrs. Daisy Young and Mr. E. E. Corken went to Creston, Ia. some three weeks ago, where they were quietly married, and from there went to various points in the west on a short wedding trip, returning to Hopkins some two weeks ago, and the fact that they are married did not become generally known until this week.

The bride is the youngest daughter of Captain and Mrs. James Ewing and is well and favorably known by everybody here, where she has resided since she was a little girl, while the groom is a well known traveling salesman, popular with all with whom he comes in contact. We understand they will make Hopkins their home for the present at least.

Mr. and Mrs. W. A. Mann went to St. Joseph Wednesday morning to spend the Fourth with their daughters, Mrs. W. Hardisty and Mrs. J. B. Babb.
